

DATE: December 19, 2016
TO: Library Trustees
FROM: Marilyn Kappenberg
SUBJECT: Installation of Bollards

At the request of the Trustees, I received an additional proposal from each contractor for the installation of 20 (6") bollards into the concrete. After speaking directly to the contractors it seems that there are pros and cons both for concrete installation and asphalt installation.

	<u>Asphalt</u>	<u>Concrete</u>
Concrete Impressions Bay Shore, New York	\$7,000	\$ 8,000
Carls Fence Co., Bethpage, New York	\$7,480	\$11,000
Mid Suffolk Handyman Centereach, New York	\$9,000	
Du Mor Construction Bayshore, New York	\$5,900	\$ 9,500
