

FROM THE DIRECTOR'S DESK

In the lower level of our Library is a special room dedicated to our Local History Collection. The purpose of this very special collection of photographs, documents, maps and books is to preserve the heritage and history of the Plainedge Community. There is also information relating to the history of nearby communities and Long Island. The photographs and documents are available in the Local History Room or may also be explored online through our homepage. If you have any photographs or documents relating to the history of our community, we will copy these materials and return the original.
