Dear Marilyn:

29 June 2017

P.T.O.

I wanted you to know how much you inspired me. At first I was going to write a 10 page with a few photos on my parents' meeting etc. in the area. You stated you would love to see them & anything else with an explanation. Then I found out ~ 30 of our people farmed or went to school etc. in the Plimedge area, & now have almost 200 pages with over 150 photos & images included. Since 1855, 5 generations were found to be there!

I told my aunt, Estelle Woodrow, much you would appreciate anything. She sent you a book she wrote on Shandee's Farm as well.

Thank you for your assistance with info, pictures, maps etc.

\* I would appreciate a quality large image of grades 5-8 1926-27 for the Plimedge School.

Laura Snyder
